AI Content Declaration Statement

I/We, the undersigned, hereby declare that the work presented in this Minor Project is original and has not been copied from any unauthorized source or generated using AI tools (such as ChatGPT, Bard, Gemini, etc.) for content writing, coding, or report generation.

I/We acknowledge that:- The use of AI-generated content without proper citation or supervision approval is strictly prohibited. Any content used from external sources has been properly referenced and cited.- The software plagiarism report has been obtained through the library and submitted along with the final report. I/We understand that violation of this declaration will result in disciplinary action, including possible cancellation of the project.
